Natural Psyllium Pellets

Product Facts

Active Ingredient per 5 oz:
Psyllium Husk ............................................. 102,250 mg

Inactive Ingredients:
Artificial flavors, mineral oil, natural flavors, propionic acid (preservative)

Cautions:
Safe use in pregnant animal or animals intended for breeding has not been proven. If animal’s condition worsens or does not improve, stop product administration and consult your veterinarian. An examination from a veterinarian is recommended prior to using this product.

For use in horses only.
Recommended to support removal of sand from the ventral colon.

EQUI AID Natural Psyllium Pellets contains premium psyllium seed husk that increases bulk. Includes apple and molasses flavoring for palatability.

Directions for Use:
• For average size (1,000 lb.) adult horses – give one scoop (5 oz.) to 1.5 scoops (7.5 oz.) of Equi Aid Natural Psyllium Pellets for one full week (7 days) out of every month. Give less to ponies, yearlings and foals; more to larger horses and draft breeds.
• Fresh water should be available at all times.

Warnings:
For animal use only.
Keep out of the reach of other animals and children. In case of accidental overdose, contact a health professional immediately.
This product should not be given to animals intended for human consumption.
